## Hospitality

Cleaning, Sanitation  
and Hygiene Solutions  
for your hospitality facility

[dominant.com.au](http://dominant.com.au)

Health & Safety of staff and guests are of the highest importance, along with protection of your brand, cleaning product efficiency and effective cost per use.

Dominant have the ability to cover large-scale food service environments, or smaller fine-dining experiences including cleanliness of plates, glassware, cutlery, hygienic kitchen environments, and dining areas, to washroom, personal care and housekeeping products. The correct choice of product and dispensing systems can have a direct impact on the customer experience.

## Dominant Quality Cleaning Products

Dominant have been developing and manufacturing high quality cleaning products for over 60 years, but we offer much more than that.

### Dispensing Equipment

We offer an extensive range of dispensing equipment including those with remote access to allow for ease of use, and accurate and safe dosing of product.

These include dosing pumps, electronic detergent feeders, mobile foaming units, hand wash dispensers and more.

### Food Safety

We have a range of products and services for safe food preparation and avoiding cross contamination.

- Non-perfumed, odourless products that will not taint foods
- Sanitisers for reducing bacteria levels
- Hygiene monitoring options to validate correct cleaning & sanitation procedures

### Technical Assistance

We have a team of qualified service technicians available for installation, and ongoing service and maintenance of dispensing equipment.

### Effective Cost per Use

Dominant manufacture many products in concentrated quantities. These can then be diluted with water into a reusable spray bottle.

Example: A 5L container of All Kleen Multi-Purpose Cleaner will give you 166 spray bottles

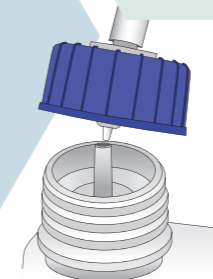

### Our Certifications

Dominant is committed to delivering high-quality products with consistent and reliable performance. That is why we have implemented and maintain management systems that exceed the requirements of International ISO standards. Allowing you to have confidence when using all Dominant products and services.

### Safety Focus

- Smaller and lighter product sizes for safe handling, eg 2L and 5L bottles
- The Dominant Protekta™ Cap – a completely sealed, closed-loop safety system that ensures safe delivery of product and protection from spills.
- Colour coded and labelled dispensing bottles and equipment
- Low allergen products

### Compliance Documentation

We understand food safety regulations and requirements and can provide supporting documentation including:

- Safety Data Sheets
- Chemical safety wall charts
- Product application charts
- Allergen statements

### Reporting & Auditing

Our team can offer:

- Detailed site audits to identify the requirements of a space, and provide risk assessments
- Hygiene Monitoring
- Dishwasher Reports
- Laundry Reports & Audits

### Education & Training

Onsite or online food safety and chemical handling training with modules and assessments to educate and evaluate competency of users.

- Chemical Awareness Training
- HACCP and Food Safety

# A full service product range for your facility →

**Front of House**

**Glaze Sheen**  
Premium quality glass and chrome cleaner ideal for windows, mirrors, stainless steel, chrome, glass and shiny surfaces.  
→ Ammonia-free

## Hand Hygiene

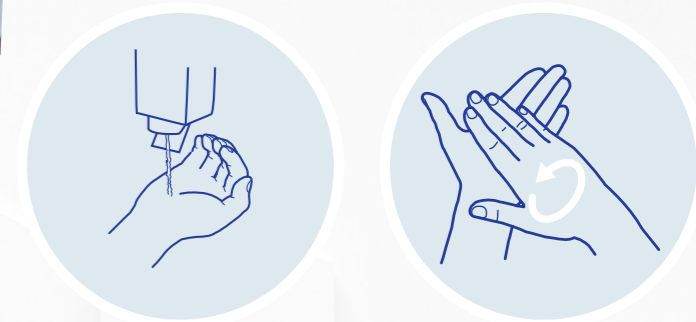

To assist in the prevention of cross contamination, Dominant hand care products are available in a variety of options including non-fragranced options for food service, mild products to prevent dermatitis in applications where frequent hand washing is required, and premium options for presentation and customer care at front of house.

## Food Safety

**Food Safety is critical to your business and we offer a range of products and training services to assist you in delivering safe food to your customers.**

- Food safety training
- Hand hygiene training
- Hand hygiene instruction posters

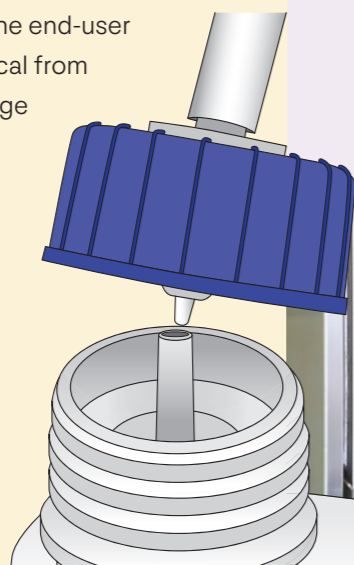

## Dominant Protekta® Cap

**The Protekta® Cap ensures safe delivery of the product without spillage, leaks or splashing and is colour-coded for ease of use.**

This system significantly reduces work health and safety issues associated with traditional systems. It restricts the end-user from being able to 'glug' chemical from the bottle, keeping product usage to a minimum.

- Completely sealed
- No spills
- Closed loop system

## Warewashing Experts

**Dominant specialise in a large range of product for warewashing machines.**

These products are distributed through a range of dispensing systems to suit your requirements. To ensure perfect results and accurate dosing, these systems are managed by our team of Account Managers and Service Technicians.

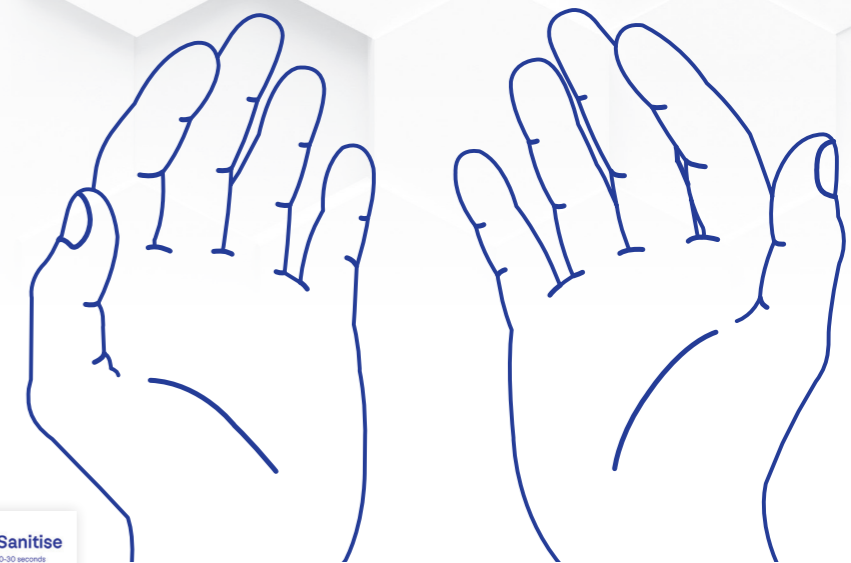

## Clean hands are safe hands →

### “How to” Signage

**Dominant provide step-by-step posters to educate the correct steps for hand washing.**

These serve as helpful reminders to encourage safe hand hygiene procedures at all times.
