Dominant[®]

Who we are

Dominant is a 100% Australian owned and operated company, developing and manufacturing best in class cleaning products across a range of industries throughout the country.

Dominant commenced business in 1958 as a manufacturer of industrial cleaning and sanitation products and has grown to be recognised as a leader and innovator in its field, with an enviable reputation for quality products and service.

Our headquarters and research laboratories are located in Adelaide. We have distribution centres in all major capitals with trained sales, account management and technical support staff; as well as across regional centres through a network of distribution and service partners.

60+

Dominant's commitment to continuous improvement enables us to offer the service and products that our loyal customers have come to expect across Australia over the past 60+ years.

History

1952

The original Dominant Chemicals co office in Melbourne.

1958

Dominant's first South Australian manufacturing facility in Croydon Park, South Australia.

1972

Dominant's first sales office and lab, also in Croydon Park, South Australia.

1980

Proudly opened our South Australian head office, factory, and research and development lab in Brompton, where we remain today.

2018

Opened new distribution centre.

2022

The launch of the Dominant brand refresh.

Values

Be Different

**Delivering
Peace of Mind
is Our Goal**

**Think
Sustainably**

**Respect
Everyone**

Have Fun

**Continuously
Improve**

Be Different

We don't follow the pack, instead we step outside the box with our innovative and progressive thinking.

Delivering Peace of Mind is Our Goal

Our team provides insightful personalised service and solutions, giving our customers confidence that their brand remains protected.

Think Sustainably

We strive to reduce the environmental impact of our business using latest technology and continuous improvement to create a more sustainable future.

Respect Everyone

We put people first with a workplace culture that is safe, respectful and accepting.

Have Fun

We remember to enjoy ourselves and prioritise our wellbeing at all times

Continuously Improve

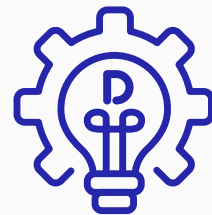

We communicate transparently and encourage new ideas, teamwork and ownership across all levels.

Sustainability

Dominant are responsible for maintaining environmental and sustainable policies that are followed in all areas of our business. Along with being certified with the ISO 14001 Environmental Management System, we have an Environmental Policy that directs our sustainability efforts across the business. Throughout each sector of our business, we choose to uphold the highest standards and ensure that we consistently exceed the requirements of the latest ISO 14001 Environmental Standard.

We are constantly innovating and developing new products with a focus on their impact on the environment. We offer a range of products that are garden and septic safe, contain no phosphates or formaldehyde, and have recyclable packaging. Our Plant Powered ready-to-use cleaning range features eco-friendly products with plant-based ingredients and readily biodegradable formulas. We are always innovating and creating new products with sustainability front of mind.

BIO-DEGRADABLE

SEPTIC SAFE

RECYCLABLE PACKAGING

Dominant reports to multiple government bodies on our businesses environmental impact, including the Environmental Protection Agency, National Pollutant Inventory and SA Water Trade Waste Authorisation. We are also a member of the Australian Packaging Covenant which aims to reduce the harmful impact of packaging on the Australian environment.

Quality focused

Dominant is committed to delivering high-quality products with consistent and reliable performance. That is why we have implemented and maintain management systems that exceed the requirements of International ISO standards. Allowing you to have confidence when using all Dominant products and services.

Environment
ISO 14001

Dominant is proudly certified to the ISO 14001 Environmental Management Standard. This environmental management system ensures the company interacts responsibly with the environment across all aspects of the business.

Quality
ISO 9001

ISO 9001 is a standard that sets out the requirements for a quality management system. Dominant is certified to the ISO9001:2015 standard for the development, manufacture, and despatch of cleaning chemicals and personal care products.

Food Safety
ISO 22000

ISO 22000 ensures the safety of the global food supply chain to the highest standard. It is an internationally recognised certification standard based on the most advanced technological, scientific, and managerial expertise. This certification has created a level standard across food safety management systems worldwide.

Food Safety
CODEX
HACCP

Dominant is compliant with HACCP requirements for the production of cleaning chemicals. HACCP can be applied to all processes throughout the food supply chain. This includes production, preparation, packaging and distribution of cleaning products for food handling areas.

Supply chain and production

Local manufacturing- Global capacity

- We have comprehensive contingency plans to ensure ongoing supply in the case of any unforeseen circumstances
- We have progressed from just-in-time delivery and now have multiple warehouses holding raw materials, packaging and finished goods
- Extensive testing of alternative raw materials and packaging
- Significantly improved production capacity with an ability to rapidly upscale when required
- Extensive warehousing space to accommodate variable demand
- State of the art supply chain IT systems to provide predictive foresight of future demand and current stock levels

Industries

A partnership with Dominant is protecting your brand and your customers.
Wherever you are, whatever you need, we have the expertise to tailor a solution.

“ *Our vision is to be the Dominant provider of cleaning and sanitation solutions to Australian industry* ”

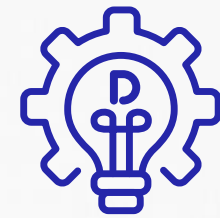

Innovation

Our expert team of chemists are at the forefront of technological advances enabling us to produce best in class products

Dominant has its own, onsite Quality, Research and Development laboratories located at our Brompton head office. Our team of chemists is engaged full-time in product research and development to adhere to our company value to **continuously improve**. Dominant is Australia's largest non-pharmaceutical tablet manufacturer. We specialise in portion control products including dissolvable cleaning tablets, and powder sachets.

Our Research & Development team focus on innovative solutions to:

- Improve sustainability
- Decrease labour
- Save energy
- Reduce risk

Compliance

We engage with all staff to roll out compliance documentation and safety charts including:

- Safety Data Sheets (SDS)
- Hazard Registers
- Product Information Charts
- Colour Coded Safety System Charts

We understand your need to continue operating without disruption and ensure the rollout of dispensing systems and compliance documentation is carried out with a smooth transition.

Dominant[®]

Safety Data Sheet

Hazardous, NON-Dangerous

HOSPITAL DISINFECTANT

Cleaner Disinfectant

→ DESCRIPTION
An outstanding TGA registered cleaner disinfectant that can be used across many different applications.

→ BENEFITS

- Independently proven to kill a wide range of viruses and bacteria including:
 - SARS COVID-19
 - Murine Hepatitis Virus (Coronavirus)
 - Escherichia Coli (E. Coli)
 - Staphylococcus Aureus (S. Aureus)
 - Pseudomonas Aeruginosa (P. Aeruginosa)
 - Proteus Vulgaris (P. Vulgaris)
 - Salmonella Choleraesuis (S. Choleraesuis)
 - Methicillin-res. Staphylococcus Aureus (MRSA)
 - Vancomycin-res. Enterococcus Faecium (VRE)
- Cleans and disinfects
- Disinfects under clean and dirty conditions
- Multi-use
- Added eucalyptus oil boosts cleaning performance and leaves behind a pleasant herbal fragrance
- Contains 3.0% of 5th generation Quaternary Ammonium Compound (QAC) for highly effective disinfection

→ APPLICATION
Hospital Disinfectant is a multi-use product that can be used as a spray & wipe cleaner disinfectant, for mopping large areas and cleaning frequent touch point areas.

→ DIRECTIONS FOR USE

Application	Surface Soil Level	Dilution Rate	Dilution Rate mL/L	Directions
Spray & Wipe	Clean	1:10	20mL/200mL	Spray & Wipe with cloth or paper towel
Spray & Wipe	Dirty	1:30	40mL/120mL	As above. If looking to kill germs, pre-wash and rinse surface with Quaternary Ammonium Disinfectant
Spray & Wipe for COVID-19 disinfection	Dirty	1:15	30mL/450mL	Spray and leave for 10 minutes, then wipe with a cloth or paper towel
Bucket	Clean	1:40	25mL/L	
Bucket	Dirty	1:30	30mL/L	
Bucket for COVID-19 disinfection	Dirty	1:15	70mL/L	
Mop/mop	Dirty	1:80	12mL/L	

Discard contents 48 hours after preparation, rinse with water and allow to dry. Refill with fresh Hospital Disinfectant Solution.

24 Hour Medical Emergency Line 13 11 26

Dominant has been working with aged care facilities for over 40 years and understands the demands and requirements of the industry. We are committed to protecting the health and safety of anyone who comes into contact with our products and support our clients not only with compliant products, but with a personal and tailored approach to specific site needs that assist with the accreditation process. This includes reporting, auditing, signage and documentation requirements. Customer training is an integral component of the Dominant service and we provide ongoing training of the highest standard. With Dominant you can provide your organisation with a total supply solution from initial audit through to installation, training and ongoing support.

Environmentally Friendly

Dominant have a range of products that are garden and septic safe to minimise environmental impact.

We also manufacture highly concentrated products which means that less is used and therefore less packaging requires recycling or goes into landfill.

Company Management Systems

Dominant is committed to delivering high-quality products with consistent and reliable performance. That is why we have implemented and maintain management systems that exceed the requirements of International ISO standards. Allowing you to have confidence when using all Dominant products and services.

Education & Training

Onsite or online training modules and assessments to educate and evaluate competency of users.

Chemical Awareness Training
HACCP and Food Safety
& Hygiene Procedures

Safe laundry and
dishwasher procedures

Training Module:
Chemical Awareness

Reporting & Auditing

Our team can offer:

Detailed site audits to identify the requirements of a space, and provide risk assessments
Hygiene Monitoring

Dishwasher Reports
Laundry Reports
Laundry Audits

Dominant

Quality Cleaning Products

Dominant have been developing and manufacturing high quality cleaning products for over 60 years, but we offer much more than that.

Dispensing Equipment

We offer an extensive range of dispensing equipment including those with remote access to allow for ease of use, and accurate and safe dosing of product.

These include dosing pumps, electronic detergent feeders, mobile foaming units, hand wash dispensers and more.

Hygiene Monitoring

Dominant is able to offer four forms of hygiene monitoring to ensure that hygiene compliance standards are being upheld across your organisation.

ProClean Swab Testing
ATPSwab Testing

Petri Film Testing
Chlorine Strip Testing

Research & Development

Our experienced team of research and development chemists are available to provide additional support with developing new products to reduce your water and energy consumption.

Compliance Documentation

We understand aged care regulations and requirements and provide important documentation including:

Safety Data Sheets
Chemical safety wall charts

Product application charts
Staff police clearances

Effective Cost per Use

Dominant manufacture many products in concentrated quantities. These can then be diluted with water into a reusable spray bottle.

Example: A 5L container of All Kleen Multi-Purpose Cleaner will give you 166 spray bottles

Safety Focus

Smaller and lighter product sizes for safe handling, eg 2L and 5L bottles
The Dominant Protekta® Cap - a completely sealed, closed-loop safety system that ensures safe delivery of product and protection from spills
Colour coded and labelled dispensing bottles and equipment

Technical Assistance

We have a team of qualified service technicians available for installation, and ongoing service and maintenance of dispensing equipment.
